Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Sunday 26 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
A largely bright day turning unsettled overnight.

Today:
A cloudy start with some light rain and drizzle in places. Turning brighter for many by the afternoon with some warm sunny spells. However, an isolated shower is possible. Becoming breezy. Maximum temperature 21 deg C (70 deg F).

Tonight:
A dry start this evening with clear spells. However, cloud will increase from the west bringing patchy rain, followed by heavier and more persistent rain overnight. Windy too. Minimum temperature 8 deg C (46 deg F).

Monday:
Heavy rain will quickly clear eastwards during the morning. Leaving sunshine and scattered showers during the rest of the day. Cooler than recently, closer to normal for time of year. Maximum temperature 17 deg C (63 deg F).

Outlook for Tuesday to Thursday:
Unsettled through this period. Prolonged rain or showers on Tuesday. Heavy possibly thundery showers, but with increasing sunny spells on Wednesday. Further showers likely on Thursday. Feeling cooler throughout.
